Our global food, feed
and farm services

From farm to fork

Independent

One-Stop-Shop

Global Network

+ We are Kiwa

We are Kiwa, a global leader in certification and verification, strengthened by inspection and training activities. We have a strong footprint in the food, feed & agricultural supply chain and offer you a wide range of certification and verification schemes around the world.

+ We understand your business

Our expertise has solid foundations. Our team of experts has vast knowledge, are fully qualified and extensively experienced in the field. You can be sure that our people understand your business.

+ We create trust

We are fully independent: through our services we guarantee that both you and your customers ensure food and feed safety.

+ We are here for you

Together with you, we design, audit and monitor protocols that provide safety and assurance throughout the international food supply chain. We can also offer you digital services to support your business processes. We are always at hand to meet your requirements and to make it as friendly and efficient as possible.

What we can do for you

Transparency and traceability are essential throughout the whole food, feed and farm supply chain. When it comes to food and feed safety, we can support you with our broad service portfolio. Kiwa offers global certification and verification services to help you as part of the food chain (e.g. farmers, producers, distributors, wholesalers, retailers) to build customer confidence. Working with you, we design, audit and monitor protocols that provide assurance throughout the entire international food supply chain- from farm to fork.

Kiwa Training provide a wide array of training courses across multiple industries. Run by our highly qualified trainers we provide classroom, bespoke and online

training, from BRCGS Accredited courses, internal auditing, Threats and vulnerabilities and Highfield accredited training. We also have multiple e-learning courses including our suite of pest awareness courses.

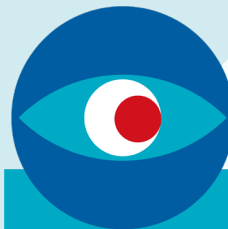

Kiwa Independent Pest Consultants (KIPC) is Europe's leading independent pest management consultancy that works with many of the largest food industries both in the UK and overseas, providing forensic technical inspections and assurance.
